Quincy Street Kitchen is located at Studio Q in North East Minneapolis: 1310 Quincy Street NE Studio #1, Minneapolis 55413.

Our studio is in a warehouse on a cobblestone road (drive slowly, there are a lot of potholes!) between Able Brewery and Indeed Brewery.

You'll know you're at the studio when you see a large orange garage door on the front of the building (located just to the left of Los Campeones Gym). We have two parking spaces located directly outside of the door that are available to you while you are here. Please help us be friendly neighbors by only parking in the designated spaces marked for Studio Q.

There is ample street parking closer to Indeed Brewery, Able Brewery, and on Monroe St.

Please enter the studio through the glass front door marked 'Studio Q' just to the left of the orange garage door.

If you have any trouble finding us, please feel free to text or call.
